

Fiberglass Exterior Door Offering

The Smooth-Pro Line offers a complete selection of fiberglass designs in contemporary styles. Smooth-Pro doors provide the look of traditional painted wood doors with the added benefits of energy efficiency and a no-dent, low-maintenance surface.

- » Clean, classic lines creating the look of a traditional wood door
- » Extremely long-lasting and stable, the perfect choice for nearly any climate
- » Graphite enhanced BASF Neopor® core for improved energy efficiency, exclusive to JELD-WEN
- » Manufactured with a light brush stroke on the face of the door for superior paint adherence
- » Lifetime limited warranty

STANDARD FRAME

**WHITE CAPPED
COMPOSITE**
(No paint required)

This ready to use finished white frame provides a long-lasting finish. The closed cellular structure ensures the door frame will not absorb or wick moisture, and prevent warping, rotting and splitting.

COMPOSITE FRAME SYSTEM

Closed cellular structure ensures doorframe and molding will not absorb moisture and resists splitting, rotting and insect damage

WOOD FRAME SYSTEM

Traditional wood frame systems are prone to rotting, swelling, warping and insect damage.

UPGRADE FRAMES

**SMOOTH
COMPOSITE**
(Paintable)

A smooth paint ready frame. The closed cellular structure ensures the door frame will not absorb or wick moisture, and prevent warping, rotting and splitting.

**OAK GRAINED
COMPOSITE**
(Paintable & Stainable)

Oak grain poly-fiber door frame system that combines all the strength and convenience of wood with enhanced properties that make it moisture, rot and insect resistant

**FIR GRAINED
COMPOSITE**
(Paintable & Stainable)

Oak grain poly-fiber door frame system that combines all the strength and convenience of wood with enhanced properties that make it moisture, rot and insect resistant

**MAHOGANY GRAINED
COMPOSITE**
(Paintable & Stainable)

Oak grain poly-fiber door frame system that combines all the strength and convenience of wood with enhanced properties that make it moisture, rot and insect resistant

Smooth Composite frame paintable only. Oak, Fir, Mahogany grained frame are paintable or stainable. All upgrade frames are available in a factory applied finish at an additional cost. If these frame are purchased without a factory finish, it is recommended that a finish be applied immediately upon receipt of the product.

STANDARD PAINT COLORS

Fixed Exterior grills are recommended when painting doors. Grills can then be painted to match the door.
